Arizona Department of Weights and Measures (DWM): Payment Gateway

A proven, cost-effective, flexible and secure Web payment application

Protecting client data

The Arizona Department of Weights and Measures needed a safe and secure method for handling on-line payments from the many state agencies that process payments. But a ground-up development effort to build or acquire such a method was neither practical nor viable.

Delivering security...affordably

After investigating many options DWM, working with GITA and the Arizona Portal team, determined that Payment gateway could provide what was needed. And it could do so with virtually no customization and minimal costs.

The results

This new application enables DWM to accept major credit cards via its website. Without the need for added personnel, the agency can deliver powerful processing, 24x7. At the same time, financial administration is simplified and costs are reduced.

Some additional details

This simple approach also provided substantial added benefits: a proven, reliable payment solution; on-demand transaction pricing and low discount fees for overall cost savings; increased customer satisfaction due to more and better client services; options to enable clients to do business the way they want to, when and where they want to; agency control of visual presentation of payment pages; automated reporting and transaction logs; simple “plug-in” to agency Web environments; 24x7 technical support.

What the Customer Said

“Overall, the team delivered good attention to detail. I was pleased with the ease of working with them. They did a great job and things are working well. I was very pleased.”

April Jones, IT Manager, DWM

We're glad we could help, working hand in hand with:

- Arizona Department of Transportation
Motor Vehicle Division
- Arizona Government Information
Technology Agency
- Administrative Office of the Courts
- Arizona Department of Economic Security
- Arizona Department of Environmental Quality
- Arizona Government University
- Governor's Office of Highway Safety
- Arizona Department of Insurance
